JOAN EUSTIS
1939 – 2003

Joan Eustis served the students of SAU 16 from 1969 till her retirement in 1997. She was a teacher and Assistant Principal at the Exeter AREA Junior High School. During her tenure, Joan touched the lives of many students. She was not only an outstanding educator, but also a leader in many teacher and student initiatives.

In September of 1980, Joan was appointed Assistant Principal at the Exeter AREA Junior High School. Perhaps this is where Joan had her greatest influence upon the Exeter School District. She became a pillar of the SAU 16 Administrative Team and developed a reputation as a strong disciplinarian, student advocate and an administrator who always put the value of fairness first on her agenda.

Generations of students and teachers will long remember the wonderful example that Joan Eustis set for the citizens of the Exeter School District. She was an exemplary educator.

Dedication

WALTER A. BORKOWSKI **1928 - 2003**

Walter Borkowski served the Exeter School District from 1967 to 1994 as a teacher, coach and an administrator at Exeter High School. Known to students, faculty and townspeople as the consummate gentleman, he performed his duties at Exeter High School with great poise and compassion for both faculty and students.

He was unflappable in the face of adversity. He was compassionate with a well-honed sense of humor and was fiercely dedicated to his fundamental philosophy of education: "Benefit the student". He strived to keep the students in the forefront. He sought out and hired talented and dedicated teachers who stayed for years.

While serving as principal at the High School, Walter became Director of the NH Academic Decathlon Program and was instrumental with coordinating multiple foreign exchange programs, including Okinawa, Japan; Plaermal, France; High Wikham, England and in the USSR. He will also be remembered for other notable accomplishments, including modernizing the science facilities and planning and opening the Seacoast School of Technology. He was very proud of the Principal's Award established during his tenure and which he endowed upon retirement as the 'Walter A. Borkowski Principal's Award', which honors a senior "who has had the greatest Positive Impact on the total High School environment, who exhibits characteristics of LEADERSHIP AND SCHOOL SPIRIT, and has demonstrated the ability to help ALL students feel an important part of the school".

Walter will be fondly remembered for his travels to Yalta where he delivered humanitarian aid to the school and the city.

He retired to South Berwick, Maine with his wife, Joyce, after devoting 42 pleasurable years to education and his legacy will be one of strong principles and a steadfast commitment to the students of SAU 16.

FACTS ABOUT OUR TOWN

Founded: 1638
Elevation: 125 feet
Ave. temperature: 46.3

Population

December, 1975 - 10,200

October, 2003 - 14,305

Personnel - Town

Full-time (40+ hours) 112 Part-time: 21 Elected: 7 Call Fire: 20

Roads

Pieces of Major Equipment & Vehicles Maintained - 97
Miles Maintained in 2003- 65
Total Inches of Snow Plowed 1/03-12/03 - 80.5 Inches
Ice storms: 2 Snow storms: 12

Water & Sewer System (2003 figures)

Length of water line maintained - 43 miles
Length of sewer line maintained - 45 miles
Gallons water treated & pumped - 402 million
Gallons sewer treated & pumped - 645 million
Maximum gallons of Water produced in one day: 2.0 m
Maximum gallons of Sewer treated in one day: 4.9 m

Town Hall Use

Number of times used during 2003 - 30 (elevator/renovations down time 3/18-9/20/03)

Exeter Notables

Sculptor Daniel Chester French (Minuteman statue at Lexington, Mass and the statue of Lincoln at the Lincoln Memorial, Washington, DC.) locally designed the War Memorial at Gale Park (represents "Mother Town" and "Soldier Son"). Henry A. Shute, Exeter's beloved humorist, wrote *The Real Diary of a Real Boy* and spent his entire life in Exeter. ("Every man who hasn't a village or country boyhood to look back on has been cheated out of the best part of his life.")

Points of Interest

Gilman Park, built at the confluence of the Exeter and Little Rivers, on 10 acres of land donated by Daniel Gilman (an Exeter businessman) in 1890. The DownEaster train station, located on Lincoln Street, provides train service between Portland, Maine and Boston, Mass., after many years of laying dormant to passenger service. The first train station on Lincoln Street was built in 1860. The Folsom Tavern, built around 1775 at the corner of Front and Water Streets, is now located on Spring Street across from the entrance to Swasey Parkway. George Washington "was there" on November 4, 1789. Founders Park, surrounding the Exeter Public Library at the falls of the Exeter River, was created to commemorate the 350th anniversary of the founding of Exeter.

(partial information from "Images of America - Exeter" by Carole Walker Aten; also from "Exeter, New Hampshire 1888-1988" by Nancy Carnegie Merrill)

Terms run March-March)

Exeter NH 03833-2792

[Note: Per Selectmen's Policy 92-13, no person shall serve as a regular member on more than 1 appointed committee at one time. Selectmen will hold brief interviews of interested residents for future appointments].

MINUTES OF TOWN MEETING PROCESS FOR 2003

(Abbreviated – refer to 2002 Town Report & Town Clerk's office for article description & details)

Deliberative Session:

Saturday, February 8, 2003 9:00AM (Exeter Town Hall)

Moderator Charles Tucker, having called the meeting to order at 9:00AM, explained Articles 1 through 10 did not require any action at this meeting. Article 1 chooses the Town's Officers and their names will be on the March 11 ballot. Articles 2 through 10 are Zoning Articles which were heard at Planning Board public hearings prior to this meeting and will appear on the ballot as written. This meeting has no power to amend these Articles. He also explained the purpose of this meeting is to deliberate the Articles being presented for the March 11th vote on the warrant. This meeting can "amend" an Article and thereby determine the wording of the Article(s) for the March ballot.

Article 11: Slate of officers presented by Nominating Committee:

Budget Recommendations Committee:

Samuel Daniell	Russell Dean	Curtis Mackail
Christopher Moutis	Mary Palmer	Vincent Pascucci
Kathleen Perusse	Paul Scafidi	Ann Surman

Fence Viewer:

Peter Dow

Measurer of Wood & Bark:

Robert Eastman

Weigher:

George Wool

Articles 12-26: No action – will appear on ballot as presented. (It was also voted to restrict reconsideration on Article 12, in order to not be brought up again after one-half of the voters present had left the building).

Article 27: Amend to state "...agreement with Exeter Region Co-Operative School District to help finance the project." So voted. Will appear on the ballot as amended.

Article 28-32: No action – will appear on ballot as presented.

Article 33: Amended to change the wording to "...for the purpose of purchasing CAD (Computer Aided Design) software..." So voted. Will appear on the ballot as amended.

Article 34-44: No action – will appear on ballot as presented.

Article 45: Amended to read: "To see if the Town will vote, upon request of Susan Henderson (owner of the property known as The Inn By the Bandstand), to authorize the Board of Selectmen to negotiate and convey the Town's interest in the northern 1/5, or 2 feet of a 10 foot wide, jointly held right of way, between historic property shown on tax map number 72, lot 16 and tax map number 72, lot 1; properties more commonly known as The Inn By the Bandstand and the Town Office building". So voted and will appear on the ballot as amended.

Article 46-48: No action – will appear on ballot as presented.

Article 49: Amended to delete "...similar to what federal employees receive..". So voted and will appear on the ballot as amended.

Article 50: Moderator Tucker asked if there was any other business to be brought forward. Selectman Scafidi asked if Article 11 – Budget Recommendations Committee nominations –be reconsidered. There was no objection. Mr. Binette recommended adding Kevin Underriner to the list of nominations. A voice vote was called and so voted.

Meeting adjourned at 1:20PM, to resume at 8:00AM Tuesday, March 11, 2003 for voting purposes.

Respectfully submitted,

Linda Hartson Macomber

Linda Hartson Macomber, CMC
Exeter Town Clerk.

Board of Selectmen

We are pleased to present the annual report of the Board of Selectmen covering 2003.

Fiscal year 2003 proved to be another year for the record books. In March, following Town Meeting action, the Board of Selectmen highlighted a number of projects that would be undertaken during the year. This report outlines many of these projects, reflecting the accomplishments and success associated with the work undertaken:

- Completion of Great Bridge and Founders' Park;
- Construction and completion of the Town Hall elevator;
- State of New Hampshire completion of Park Street Bridge;
- On-going construction on our famous downtown Swasey Bandstand.

On the exciting sports side, it was another busy year for all sports teams, High School and Junior High boys and girls teams, with soccer and football championships two years in a row. Coaches in all aspects of the game of sports truly need to be commended for their time and efforts in teaching our younger generation the love of competition.

With good news there is always bad. The whole community of Exeter was deeply saddened with the historic loss of the Exeter Presbyterian Church. A tragic fire consumed most everything.

As Selectmen, we are individually honored to be elected to serve each of you and to be afforded the opportunity to bring positive change to our community.

While we are delighted with our past and present achievements, rest assured we have set our sights on the future: committed in every way to serving our Town and our residents in the most efficient and effective way possible. As always, we welcome comments, questions and suggestions, and appreciate your continued support in all our service to the residents of Exeter.

We thank all the employees of the Town of Exeter for their continued great service to the residents. You make it all happen!

Respectfully submitted,

Paul Binette, Chairman
William Campbell, Vice Chairman
Lionel Ingram, Clerk
Robert Eastman
Joseph Pace

Board of Selectmen

TOWN MANAGER'S REPORT

Following up on last year's approach, I will start at the end and thank everyone for another successful year. So thanks to the Board of Selectmen for continuing to make my job fun for yet another year, our department heads for keeping the ball rolling and to all of our employees for their daily efforts to make the Town Manager look good! And thanks to all of you, the residents of Exeter, for your time and support, the catalyst for all of our efforts to make Exeter such a great place to live and to call home.

The year saw two significant personnel changes with the retirement of Doug Dicey and Bob Tucker. With a combined 71 years with the Town, they were truly institutions. Mike Favreau and Kenny Quinto began their work on behalf of the Town with some really big shoes to fill. Assistant Parks and Recreation Director Jan Dicey also left in 2002, following 23 years with the Town. Greg Bisson was hired as the Town's new Assistant Parks and Recreation Director.

On the construction side it was another busy year with the retaining wall adjacent to the Great Bridge and the north end of Founder's Park being rebuilt. After a particularly difficult time, sewer lines on Buzell and Gardner were replaced along with a portion of High Street. After what seems like 15 years of effort, the tennis courts were finally reconstructed. Following a wonderful public subscription effort, led by the Arts Committee and Jane Bentley in particular, the Town Hall elevator opened officially on December 6. And speaking of the Town Hall, a new furnace and ductwork were installed and a third of the windows replaced. Over the summer months, the New Hampshire Department of Transportation refurbished the Park Street Bridge and, late into the year, work continued on replacement of the copper roof on the Swasey Pavilion (the Bandstand's official title). And as if 2003 was not a busy enough year, plans continued through the year on the design of a new fire station and a new water treatment plant, guaranteeing that 2004 will be busy indeed.

Not all of the 2003 efforts focused on construction. Town Meeting in March voted \$3M for the purchase of conservation easements and open space, and passed the Town's first impact fee legislation. Ongoing through the year was the preparation of three more chapters of the Town's Master Plan, a plan for the restoration of the historic downtown and plans for reconstruction of the Main Street/Water Street intersection.

What a year, and the above only brushes the surface of what can only be described as another very busy year in Exeter - Lots going on and lots to be proud of.

George Olson
Town Manager

TOWN ASSESSOR

The Assessing Office this past year has been busy valuating new housing growth and improvements to all styles of buildings, processing hundreds of deeds, and updating elderly exemptions. Again this year, a computerized reassessment update was successfully completed with land values and building values increasing due to the appreciation of market values in the sale of real estate in Exeter.

This past summer the Assessing Office along with Vision Appraisal Co. started a one third geographic inspection of the Town. Properties were field inspected, with exterior measurements and interior amenities checked for correct data. For the next several years this process will continue throughout Town on a regular cycle. Although one third of the Town will be inspected yearly for data cleanup of the assessments records, all taxable property will be revalued to market value as it has been in the past.

Exeter's tax base in 2003 increased \$179 million to approximately \$1.4 billion of assessed value. This value increase is attributed to \$46 million in new building construction and approximately \$132 million in market appreciation of all types of property.

The office updates the Town tax maps annually to reflect accurate property lines, subdivisions, ownership, and current assessment values. The Town has a developing GIS computer mapping program which has been integrated with the assessment software data, giving property owners valuable geographic information linked with property attributes. The Assessor's Office also offers a public computer terminal giving easy access to all assessment records and property data in Town.

The March Town Meeting passed increased Elderly Exemption qualifications and a new exemption program for the Disabled, easing the tax burden for our Senior Citizens and disabled individuals. Information on Veteran's Credit, Current Use, and Timber Tax applications and procedures are available in the Assessor's office.

I would like to thank my fellow office employees and property owners for their support and understanding in running a successful assessment program. In the upcoming year I expect to be busy and productive trying to keep up with all the various functions in the Assessing Office and the continuing growth in the community.

Respectfully submitted,

2003 TAX RATE

John DeVittori, CNHA

Benefit Information – Full-time employees

Health: Town makes payments on premiums up to the value of 90% of BX/HS JW through NIMA Health Trust. The remaining 10%, plus any additional premium above the 10% is paid by the employee. Four plans are offered: Blue Cross/Blue Shield JW, JY, BlueChoice and Matthew Thornton. Types of memberships offered are single, 2-person and family and begin the 1st of a month following 30 days of employment.

Dental: The Town provides coverage through NE Delta Dental, of which the Town pays 100% of the premium for Option III, for all types (single, 2-person & family), beginning the 1st of a month following 30 days of employment

Life Insurance: Basic life of \$25,000 is given to full-time hourly employees following 3-months of employment. Salaried employees receive coverage equal to their salary not to exceed \$50,000. Dependent coverage is offered at the expense of the employee.

Sick Leave: Earned at 1½ days per month, employees may accumulate to 105 days. Use of earned days is available after 6-months of employment. One-half of total is paid at retirement, after 25 years of service or death of employee.

Vacation Leave: For hourly employees, 1 week/or set hours (depending upon CBA) is available after 1 year of service; 2 weeks/set hours after 2nd year; 3 weeks/set hours after 5th year, etc. Department Heads receive 2 weeks after 6 months of service.

Personal Days: All full-time employees receive 3 per year (pro-rated the 1st year depending upon date of hire).

NI Retirement: All new employees (hired after 12/01/02) join NIRS Group I, with the Town contributing 5.99%. Police & Fire personnel receive group II with Town contributions at 7.87% and 13.44% respectively. Employees contribute at varying rates.

Deferred Comp (Plan 457): Employees w/Town at 11/01/02 have choice of 457 Plan or Group I NIRS with Town contributions. All new hires MUST join NIRS. Choices of 457 Plans include ING or PPOPE (Professional Firefighters, Police Officers and Public Employees).

TRUSTEES OF THE TRUST FUNDS

ROBINSON FUND

The Robinson Fund is a charitable trust for the benefit of the Town of Exeter whose citizens elect its seven members. The funds were given in trust to the Town in 1853 by the will of William Robinson, a native of Exeter who attended Phillips Exeter Academy and for whose sister there existed no similar educational facility in the area. The will specified that the funds be for "the only and sole instruction of females...all other things being equal, always to give preference to the poor and the orphan." In September 1869 the newly-built Robinson Female Seminary opened its doors to females from the Exeter area.

From 1869 until 1955, Robinson Seminary was the only public school in Exeter to serve post-elementary females (males attended the Tuck High School). In 1954 the School District passed a bond issue to build an addition to the Tuck School. The first co-educational class graduated from Exeter High School in 1956. A fire in 1961 destroyed the Seminary building. The Lincoln Street Elementary School and related playgrounds now occupy the site.

Three of the current Robinson Fund Trustees attended the Seminary; two are graduates and the third is a graduate of the new co-ed High School.

In the beginning, the Trustees managed both the school and the funds. But by the 1940's, the income from the Trust proved inadequate and the School District began assuming the deficit. In 1940 the Exeter School District formally assumed control of the Seminary. Only the trust funds remained under the direction of the Trustees. In order to institute a co-educational system, the Town had to get permission from the State Legislature. That body referred the matter to Judge Elwin Page. His 1947 Master's Report stated that Mr. Robinson's wishes could be met by using Trust income to pay prorated teacher salaries of co-ed or female only classes.

In the early 1990's, in order to avoid discrimination on the basis of gender, the Trustees went to the County Probate Court. In 1996 the court issued a new decree that discontinued the existing income distribution and established a new Trust purpose: "...to create a fund to provide opportunities to enrich and enhance the educational experience of post-elementary age individuals within the area served by the Exeter Region Cooperative School District, through the development of programs, scholarships and grants." Following this new decree Trustees awarded the first Robinson Fund Scholarships to graduating seniors of the Exeter Region Cooperative School District in June 1998.

In June 2003, the Robinson Scholarship Fund awarded a \$4,000 (per semester) scholarship to Jessica Felch. Re-applicants received the following awards, per semester: Emily Rodrigues, \$3,000; Justin Rivlin, \$1,500; Brian Nolan, \$3,000; Chris Collier, \$2,500; Brad Cook, \$5,000; Megan Edwards, \$1,750 and Greg Beaulieu, \$1,000.

In addition, Trustees awarded two grants: \$3,875 to teacher Ginny VanHazinga who is writing an advanced mathematics textbook, and \$3,625 to the Cooperative Middle School Music Department for lab equipment.

The Trustees also manage several special funds donated by friends and Seminary alumnae. Income from these funds is awarded annually. Last year the awards were: \$1,000 to Angelique Baillargeon from the Robinson Fund Alumnae, and \$1,000 to Michael Rezendes from RFS Memorial Gifts.

It is with regret the Trustees announce the resignation of three-term member Dick Brewster. His unsurpassed attention to detail, organizational skills and humor will be sorely missed.

Respectfully,

Harry Thayer, Secretary

The Robinson Fund Trustees

Peter Smith, President

Jody Pellerin, Vice President

Pat Qualter, Treasurer

Dick Brewster, Records/Historian

Peg Duhamel

Martha Pennell

TOWN CLERK'S REPORT

During the year 2003 the staff in the Town Clerk's Office processed over 60,000 separate transactions ranging from a \$0.50 photocopy to a motor vehicle registration with a fee over \$3,000. This office will have taken in over \$2.2 million this year for the Town's General Fund. The 5% increase of revenue over last year is attributable to the new resident growth in the Town and subsequent vehicle registrations, an increase in new vehicle sales and low interest rates, improved adherence to dog registration State laws and the continued need for certified copies of vital records.

Our office staff consists of 4 people – 3 full-time and 1 part-time. We processed over 17,000 motor vehicle registrations; issued over 7,200 certified copies of birth, marriage and death certificates; issued over 100 marriage licenses; licensed over 1,800 dogs and answered an innumerable number of telephone calls. Once again we had the pleasure of meeting many proud new parents and their infants; watching excited couples file for marriage and welcomed new residents to our community. Although most of our duties are regulated by State and/or Federal laws and Town Ordinances, and are, more or less, routine, it is the variety of residents' requests and questions that make our job interesting. No two days are ever the same!

Below are some statistics that may be of interest to Exeter residents:

<u>Vehicle registrations processed</u>	<u>Town Revenue</u>	<u>Dogs Licensed</u>	<u>Town Revenue</u>
1993 = 13,173	\$1,021,186	1993 = 1,069	\$6,029
1998 = 14,549	\$1,495,888	1998 = 1,684	\$8,328
2003 = 17,194	\$2,083,977	2003 = 1,824	\$11,150

<u>Certified Vital Records Processed</u>	<u>Town Revenue</u>
1993 = 3,273	\$11,871
1998 = 4,543	\$15,926
2003 = 6,779	\$24,042

I thank my co-workers, Eve Quinn, Debra Unger, and LeeAnn Simpson, for their assistance, support and congeniality during the year. I believe we have a "team" that works to provide our citizens with an efficient quality of service in a friendly manner. I also thank Donna Brown for her assistance in our office while we were under-staffed. Our Checklist Supervisors, Margaret "Peg" Duhamel, Alice Dorman, and Winifred "Fritzi" Bernard, spent many hours working on the voter checklist before and after the 2003 Town/School Deliberative Sessions and Elections. They have attended Election Workshops in preparation of the upcoming busy election year of 2004. We thank them for their dedication and time in helping to maintain the integrity of our voters. We also appreciate the Exeter residents who give of their time on election days.

Once again I thank the members of the Board of Selectmen, the Town Manager, Department Managers, and all Town employees for their continued support and assistance during this past year. My special thanks to the residents of this community for your continued support and patience. Exeter is a Town to be proud of. I am especially happy that I live here and have the opportunity to work with its residents.

Respectfully submitted,

Linda Hartson Macomber, CMC

EXETER POLICE DEPARTMENT

The Exeter Police Department completed a busy year in 2003. The Department's responsibilities include preventing and investigating crimes, reducing accidents, enforcing motor vehicle laws, aggressively attacking the drug problem, homeland security concerns, traffic congestion and additional calls for service. The Department responded to nearly 23,000 calls for service in 2003. These calls continue to grow year after year as the population of Exeter and surrounding towns increases. In response to traffic concerns, officers stopped and took action on approximately 10,000 motor vehicles. Officers will continue to be diligent in pursuing violators of motor vehicle laws to reduce accidents and make our streets safer. The Detective Division continues to be busy in the investigation of a multitude of crimes. These crimes have included armed robbery, sexual assault, arson, burglary and theft. In 2003, the Communications Center was fortunate enough to hire a sixth full-time dispatcher. This additional dispatcher has greatly improved the Center's ability to provide the highest level of service to the citizens of Exeter. During the course of the year our dispatchers attended over 200 hours of specialized training to better serve our community.

The Exeter Police Department has accomplished the goals set for 2003. These goals included:

- Making the safety of our citizens a priority for all officers;
- A major upgrade to our public safety radio communication system, completed with the assistance of Federal grant money;
- Replacing the base station radio in our Dispatch Center for the Fire Department;
- Continuing to pursue national accreditation;
- Aggressively enforcing and reducing motor vehicle complaints such as speeding and excessive noise;
- Training in the area of terrorism and weapons of mass destruction;
- Applying for Federal and State grants (\$219,446.00 received in 2003);
- Assistance to the young men and women of the Explorer Post.

The men and women of the Department have identified goals for the year 2004:

- Ensure the citizens of Exeter live and work in a safe community;
- Improve the physical safety of the public safety complex;
- Continue to train at the highest level;
- Reduce accidents and enforce motor vehicle violations;
- Add a patrol officer to the Department;
- Continue to update crime fighting technology.

Special thanks goes to the Board of Selectman, Town Manager George Olson, the Budget Committee, Department Heads and the citizens of Exeter for their support.

I am especially appreciative to both the sworn officers and the civilian employees of the Exeter Police Department. Together we are determined to professionally and competently perform our duties and abide by our mission statement. These men and women continually give of themselves and I am proud to say I work with them. Because of their hard work and dedication, the Town of Exeter is truly a better place to live.

Respectfully Submitted,

Richard Kane, Chief

THE MISSION STATEMENT of the EXETER POLICE DEPARTMENT

The Exeter Police Department exists to serve and protect all people within our jurisdiction with respect, with fairness, with compassion, and without prejudice. We do this to ensure a safe, healthy environment in which to reside, work, and enjoy life.

We, the men and women of the Exeter Police Department, value:

Quality Services - We work to anticipate and prevent problems; we will listen to concerns and respond accordingly; we will seek innovative solutions; and we will respond to issues with fairness, sensitivity and compassion.

Cooperation - We actively seek and encourage community involvement in all aspects of policing by way of ideas, opinions, and joint actions. We recognize that more can be accomplished when actions are taken collectively rather than individually.

Professionalism - Our personal standard for conduct shall be viewed as exemplary to others. To achieve this we shall individually and collectively promote self-discipline, take pride in our accomplishments, recruit and hire the best people, and train, educate and develop our employees to their highest potential.

Competence - We assure the tasks set forth will be accomplished in the most effective and efficient manner. We will be accountable for our actions. We encourage reasonable risk-taking and are tolerant of honest mistakes, we will address and correct behavior which is contrary to the primary mission of this agency, and will recognize and reward good performance.

Integrity - We are honest and truthful and will hold ourselves to a higher standard of moral and ethical conduct. We value the reputation of this agency and will collectively act to prevent abuses of the law and violations of civil rights.

We will continuously pursue these ideals in all our actions to ensure that we will maintain the primary mission of this agency as being, "Fully Committed To Our Community".

DEPARTMENT OF PUBLIC WORKS

I am pleased to submit my 19th annual report to the citizens of Exeter. As I say most every year this has been another busy year. Thanks to the support of the voters we were able to build a new office building which addressed a variety of issues and will help us to serve the community better. Highway Superintendent Bob Tucker retired after 40 years of dedicated service to the community. The new Highway Superintendent, Kenneth Quinto, brings a wealth of experience and expertise. Following last year's work on developing the department's Vision and Values program we have now begun Team Building exercises with the goal of working better together. Results are noticeable and are sure to be worthwhile.

The Engineering Team worked on a number of projects including completion of the Hampton Road bike path, the replacement of the gate on the Great Dam, Value Engineering and design of the new Water Treatment Plant, replacement of the river retaining wall alongside Founders Park, Gardner St. / Buzell Ave. / High St. sewer repairs, the design for the Guinea Road/ Hampton Road Intersection Improvement project, initiation of the Park Street Railroad Bridge Study, and the Downtown Historic Restoration plan. Progress was also made on compliance with EPA stormwater regulations. Engineering also worked closely with the Planning Department on new projects proposed for construction in Exeter.

Our Office Support Team worked diligently to ensure that the move to our new offices went smoothly and resulted in minimal impact to our services. They also computerized and updated the department payroll and time management system.

The Maintenance Team has been busy maintaining town facilities, vehicles and equipment. Maintenance projects included replacing the Bandstand roof, installation of an elevator at the Town Hall as well as stage and vestibule renovations and furnace replacement, oversight of the new Public Works office construction, and construction of a new municipal vehicle and equipment wash facility. In addition to routine maintenance on all town vehicles and equipment, our mechanics performed major overhauls of the Sno-Go blower, used to remove snow in our urban areas, and the pavement roller used for placement of asphalt.

The Highway Team, with the assistance of Maintenance and Water/Sewer, managed to keep on top of snow fighting and removal operations through a record setting winter snowfall. In addition, under the direction of our new Highway Superintendent, all the streets in the Allen Street neighborhood were reconstructed and paved. He also initiated "cold planing" of streets prior to paving. This grinding process removes the top couple of inches of old pavement, generating old asphalt for reuse on other projects, has the ability to re-grade the shape of the road and provide an excellent surface for placement of the new asphalt. Other significant projects include re-grading of the Simpson Pit, new curbing on Court Street and Epping Road and replacement and upgrading the signal lights at the Green Hill Avenue and Alumni Drive intersections.

The Water and Sewer Team's main focus has been developing the plans for construction of a new water treatment plant. Without question this essential project is the largest project this department has been involved with. Our Water & Sewer Superintendent, with the assistance of her team and consultants is working hard to ensure that the project is properly planned and engineered to produce a new water treatment plant capable of efficiently and adequately producing drinking water for the future. In addition, the Cross Road water tank was drained and cleaned, Highway assisted with water

and sewer work associated with street reconstruction and paving, and routine water and sewer systems maintenance performed.

The Public Works Department is working hard to provide exceptional service to our growing community and to prepare for future needs. I am proud of our accomplishments and will continue initiatives to improve our performance and meeting the needs of the community. I would like to thank the Board of Selectmen, Town Manager, Water & Sewer Advisory Committee, fellow Department Heads and the entire Public Works staff for their assistance, guidance and contributions throughout the year.

Respectfully submitted,

Keith R. Noyes, Director

Commander Donald E. Neubert,
Commanding Officer, USS
Annapolis, speaking at the
Veteran's Day Ceremony held at
Gale Park, November 11, 2003.

Exeter Fire Department

A Tradition of Service

Once again your Fire Department has had a very challenging year. New records for fire and emergency medical service calls have been set with close to 1,000 runs for fire and over 1,400 EMS runs. Total incidents for the department including health and fire prevention inspections are over 4,450 for 2003, up 10% from 2002.

Activities not so obvious include grant writing and training. The department received two federal Homeland Security grants, each for approximately \$30,000. The first was used to tighten security at the Public Safety Complex, while the second grant is designated for anti-terrorism training and equipment. Other grants will be pursued as they become available, including many related to the proposed new fire station if it is passed at the March Town Meeting.

Full- and part-time firefighters logged 4,900 hours in various training sessions spread over more than 40 categories. Topping the list at 1,000 hours was hazardous materials training. Other areas include emergency medical at over 500 hours; rapid intervention team, 340; and pre-planning, over 140. Two members, Crew Chief Skip Galvin and Firefighter Jeff Liporto, are state certified fire officers after successfully completing a five-week course at the NH Fire Academy. Four call firefighters have completed the first of a two-part classroom and practical series in a driver-pump operator state certification program.

The department's Explorer Post continues to flourish. Over the years, 10 Explorers have chosen to continue their careers in the fire service: eight as full-time and two as part-time firefighters. All members of the Post, under the direction of FF/Paramedic Jason Greene, will be attending a national registry First Responder course this year.

Lt. Paul Sirois retired early on in 2003, after 28 years on the department: three as a call firefighter and 25 as a career firefighter. He also headed the department's maintenance division.

The men and women of the Exeter Fire Department are dedicated to providing you the best fire and emergency medical service possible. They deserve to be recognized.

Full-time, career firefighters, with their certifications:

With your support and the dedication of its members, the Exeter Fire Department is among the best trained and equipped in the state. This translates into providing you with the best care and service available, saving lives and property. For your support, thank you.

Several fire department related articles are on this year's Town Meeting Warrant. Please feel free to call 773-6131 if you have questions regarding them. Your continued support will be appreciated.

For the entire department, I would like to thank the Board of Selectmen and Town Manager George Olson for their on-going support of the Fire Department's mission.

Brian Comeau
Chief

Harry Thayer
Deputy Chief

Ken Berkenbush
Assistant Chief

I was asked to write this year's report and to reflect on changes I've seen in the last 40 years. When I started, all "training" was on-the-job, and that included ambulance attendants. Compare that with the certifications of your firefighters today. During this time, fire fighting science and technology and training has improved dramatically, 10-, 20-times more in the last 30-40 years than it did in the first 200 years. Forty years ago "air packs" were World War I gas masks of which we had two or three; today our breathing apparatus gives us up to 30 minutes of self-contained air, buddy breathing attachments, low air alarms and we have 40 packs, enough for each firefighter. Your emergency medical technicians no longer "scoop and run", but evaluate, stabilize and begin advanced life support treatment before transporting a patient to the hospital. We now have thermal imaging cameras, Jaws of Life rescue tools, advanced automatic cardiac diagnostic equipment and vastly improved personal protection (turn-out) gear.

And finally, I would be remiss if I didn't mention two other firefighters who have served the Town for over 40 years. They are Cpts. Wayne C. Raymond and Ray Simpson. Both were career firefighters who stayed on as call firefighters when they retired several years ago.

Harry Thayer

From where were these snapshots taken and what are they?

Submit your answers, **AFTER MARCH 11th**, to Barbara Blenk, Town Office, 10 Front St., Exeter (8-4:30 - M-F)
The first 5 residents* to have the correct answers will receive their choice of 2 Blue Bags or a 'Town of Exeter' pin
(compliments of Barbara)

SCHOOL WARRANTS & BUDGETS - 2004

SCHOOL FINANCIAL STATEMENTS

(For the Fiscal Year ended June 30, 2003)

TOWN WARRANT – 2004

To the inhabitants of the Town of Exeter, in the County of Rockingham, in said State, qualified to vote in Town affairs: You are hereby notified to meet at the **Town Hall**, Front Street in said Exeter on **Saturday, February 7, 2004 at 9:00AM** for the purpose of transacting all business other than voting by official ballot and, thereafter, to meet on **Tuesday, March 9, 2004** between 8:00AM and 8:00 PM at the Exeter Town Hall, to elect officers, vote on zoning articles and to vote on all warrant articles from the first session by official ballot.

Article 1: To choose the following: 1 Town Moderator for a 2-year term; 2 Selectmen for 3-year terms; 3 Library Trustees for 3-year terms; 1 Trustee of the Trust Funds for a 3-year term; 1 Trustee of the Robinson Fund for a 7-year term; 1 Swasey Park Trustee for a 3-year term; 1 Supervisor of the Checklist for a 6-year term; 1 Supervisor of the Checklist for 4-years to complete an unexpired term.

Article 2 Zoning Amendment #1: Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 2.2 Definitions by adding (and renumbering accordingly):

Professional Offices: A building containing one or more offices in which there is no display of unrelated stock or wares in trade commodity sold, nor any commercial use conducted other than the professional offices of a doctor, dentist, lawyer, financial service provider, architect, engineer and related laboratories, insurance agent, real estate agent or other similar professional services; but excluding barbershops, beauty salons or similar services.

Retail Services: Establishments engaged in selling goods or merchandise to the general public for personal or household consumption and rendering services incidental to the sale of such goods or establishments primarily engaged in providing services involving the care of a person or his or her apparel (such as barbershops and beauty salons) as well as banks.

Delete the definition of “**Business**” and add a definition for “**Business Office**” as follows:

Business Office: Offices for activities related to the sale or provision of goods and services to others, including non-profit or other community services and governmental agencies.

Article 3 Zoning Amendment #2: Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 3.2, Zoning Map to reflect the following: Portsmouth Avenue Zoning District line change from CT to C-2, to reflect proposed subdivision of GTE Products Corp./Osram Sylvania property. Tax Map Parcel #52-112. (See attached map).

Article 4 Zoning Amendment #3: Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 4.2, Schedule I: Permitted Uses by replacing the phrase “any retail or personal establishment” with “retail services” and “business office” as permitted uses in zones C-1, C-2, C-3 and WC; delete “Banking Office” from all zones; and move “Business Office” from a permitted use to a use permitted by special exception in the NP zone only.

Article 5 Zoning Amendment #4: Are you in favor of the adoption of Amendment #4 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 4.3, Schedule II: by changing the maximum height allowed in the R-3 district from 35' to 25' and maximum number of stories from 3 to 2.

Article 6 Zoning Amendment #5: Are you in favor of the adoption of Amendment #5 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 4.3, Schedule II, Notes: by adding Note number 18 to the RU maximum height limit. “Multi-unit buildings may have a maximum height of 50 feet if a special exception is granted by the ZBA.”

Article 7 Zoning Amendment #6: Are you in favor of the adoption of Amendment #6 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 6.1.2. Elderly Congregate Health Care Facilities, General Standards by revising subsection D: "A landscaped buffer area having a minimum depth of one hundred feet (100') shall be provided between any proposed structure and the perimeter of the property in order to provide an adequate division or transition from abutting land uses.

Article 8 Zoning Amendment #7: Are you in favor of the adoption of Amendment #7 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 6.1.4 Elderly Congregate Health Care Facilities, Density Bonus by revising subsections b, c and d as follows:

- b. 15% or more of the units constructed will be sold at initial sale for a price that can be afforded by a household with an income not more than 120% of the median family income for the New Hampshire portion of the Portsmouth-Rochester NH-ME PMSA, as published by US Department of Housing and Urban Development;
- c. 5% or more of the units constructed will be sold at initial sale for a price that can be afforded by a household with an income not more than 80% of the median family income for the New Hampshire portion of the Portsmouth-Rochester NH-ME PMSA, as published by US Department of Housing and Urban Development;
- d. Units will be sold with deed restrictions and a recorded housing agreement that limit, for a period of 30 years renewable upon sale or transfer, the resale value of the unit to not more than the purchase price plus two times the accumulated consumer price index.

Article 9 Zoning Amendment #8: Are you in favor of the adoption of Amendment #8 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Articles 6.10.6 within the Home Occupations Ordinance by revising 6.10.6 as follows:

6.10.6 Special Exception: Foster family care for more than four children, child day care for more than three children, and otherwise permitted uses which exceed the standards of Article 6.10.2 Home Occupations – Evidence of Use, as determined by the Code Enforcement Officer, may be permitted by special exception issued under Article 5.2 Special Exceptions of this ordinance. Also, any home occupation that may have an impact on abutting properties, as determined by the Code Enforcement Officer shall be required to obtain a special exception.

Article 10 Zoning Amendment #9: Are you in favor of the adoption of Amendment #9 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 7.5 Single Family Open Space Development by revising subsection 1: "The minimum area for a Single-family Open Space Development shall not be less than ten (10) acres of contiguous land where single family open space is permitted.

Article 11 Zoning Amendment #10: Are you in favor of the adoption of Amendment #10 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 7.6.1. Small-Scale Multi-Family Open Space, by revising subsection A: "The minimum area for a small-scale multi-family open space development shall not be less than five (5) acres of contiguous land and be limited to a maximum of fifteen (15) dwelling units. Also revise subsection B: "Density calculations for small-scale multi-family open space development shall be in accordance with Article 7.7.1. Density and Section 7.13 Yield Plan of the Site Plan Review and Subdivision Regulations. Small-scale multi-family open space development permits the planned grouping of up to five (5) attached* dwelling units. On parcels proposed for development that are less than ten (10) acres in size, no more than three (3) attached dwelling units per structure are allowed."

Article 12 Zoning Amendment #11: Are you in favor of the adoption of Amendment #11 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 7.6.2. Large-Scale Multi-Family Open Space, by revising subsection C: "Density calculations for large-scale multi-family open space

development shall be in accordance with Article 7.7.1. Density and Section 7.13 Yield Plan of the Site Plan Review and Subdivision Regulations. A large-scale multi-family open space development permits the planned grouping of a minimum of six (6) multi-family dwelling units and a maximum of twelve (12) multi-family dwelling units.”

Article 13 Zoning Amendment #12: Are you in favor of the adoption of Amendment #12 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 7.7.1.B General Regulations Governing Open Space Development, Density Bonus: by revising subsection b, c, and d as follows.

- b. 15% or more of the units constructed will be sold at initial sale for a price that can be afforded by a household with an income not more than 120% of the median family income for the New Hampshire portion of the Portsmouth-Rochester NH-ME PMSA, as published by US Department of Housing and Urban Development;
- c. 5% or more of the units constructed will be sold at initial sale for a price that can be afforded by a household with an income not more than 80% of the median family income for the New Hampshire portion of the Portsmouth-Rochester NH-ME PMSA, as published by US Department of Housing and Urban Development;
- d. Units will be sold with deed restrictions and a recorded housing agreement that limit, for a period of 30 years renewable upon sale or transfer, the resale value of the unit to not more than the purchase price plus two times the accumulated consumer price index.

Article 14 Zoning Amendment #13: Are you in favor of the adoption of Amendment #13 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 9.1.8. Wetland Conservation District, Buffer Areas by revising subsection B. “The Planning Board shall require the designation of buffer areas adjacent to wetlands to protect such wetlands from adverse impacts due to proposed site development in accordance with Site Plan Review and Subdivision Regulations, Section 9.9.2 Wetland Setbacks. All construction, forestry and agricultural activities within one hundred feet (100’) feet of any wetlands shall be undertaken with special care to avoid soil erosion and siltation of wetlands.

Article 15: To choose all other necessary Town Officers, Auditors or Committees for the ensuing year.

Article 16: To see if the Town will vote to raise and appropriate the sum of Fifteen Million, Five Hundred and Ten Thousand Dollars (\$15,510,000) for the purpose of constructing a new water treatment plant on Holland Way, by the issuance of bonds and notes in accordance with the provisions of the Municipal Finance Act (NH RSA Chapter 33), and to authorize the selectmen to issue and negotiate such bonds and notes and to determine the rate of interest thereon, with all expenses to be paid from rate payer fees. A three-fifths vote is required. (The Board of Selectmen recommends this appropriation.)

Article 17: To see if the Town will vote to raise and appropriate the sum of Four Million, Five Hundred Thousand Dollars (\$4,500,000) for the purpose of constructing a new fire station on Epping Rd., by the issuance of bonds and notes in accordance with the provisions of the Municipal Finance Act (NH RSA Chapter 33), and to authorize the selectmen to issue and negotiate such bonds and notes and to determine the rate of interest thereon. A three-fifths vote is required. (Three of the five members of the Board of Selectmen recommend this appropriation.)

Article 18: To see if the Town will vote to raise and appropriate the sum of Nine Hundred Seventy-Five Thousand Dollars (\$975,000) for the purpose of replacing the Portsmouth Ave. sanitary sewer line and reconstructing Portsmouth Avenue from the Water Treatment Plant to High St., by the issuance of bonds and notes in accordance with the provisions of the Municipal Finance Act (NH RSA Chapter 33), and to authorize the selectmen to issue and negotiate such bonds and notes and to determine the rate of interest thereon, with expenses associated with the replacement of the sanitary sewer line (\$400,000) to be paid from rate payer fees. A three-fifths vote is required. (The Board of Selectmen recommends this appropriation.)

Article 19: Shall the Town of Exeter raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$15,382,186? Should this article be defeated, the operating budget shall be \$14,733,336, which is the same as last year, with certain adjustments required by previous action of the Town of Exeter or by law, or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The Board of Selectmen recommends this appropriation.)

Article 20: To see if the Town will vote to discontinue the Ambulance Fund created in 1963, said fund, with accumulated interest to date of withdrawal, to be transferred to the general fund. (Majority vote required.)

Article 21: To see if the Town will vote to create an expendable general trust fund under the provisions of RSA 31:19-a, to be known as the Ambulance Expendable Trust Fund, for the purpose of implementing the provisions of the Ambulance Charter as adopted at the 2003 Town Meeting and to raise and appropriate \$445,150 from the general fund in an amount equal to the balance of the dissolved Ambulance Fund. Furthermore, to name the Board of Selectmen as agents to expend from this fund. Passage of this article will not impact the tax rate. A majority vote is required. (The Board of Selectmen recommends this appropriation.)

Article 22: Shall we adopt the provisions of RSA 72:28, V and VI for an optional veterans' tax credit and expanded qualifying war service for veterans seeking the tax credit? The optional veterans' tax credit will be \$500, rather than \$100.

Article 23: Shall we adopt the provisions of RSA 72:35, IV for an optional tax credit on the taxes due on residential property for a service-connected total disability? The optional disability tax credit will be \$2,000 rather than \$1,400.

Article 24: To see if the Town will vote to authorize the Board of Selectmen to sell, to the highest bidder above the appraised value of \$225,000, the parcel of land adjacent to the Comcast Office on Epping Road, specifically referenced as Map 55, lot 67, with the proceeds from the sale to be applied to the debt incurred to construct the new Fire Station. (The Board of Selectmen recommends the passage of this warrant article.)

Article 25: To see if the Town will vote to rescind the bonding authority granted on September 30, 1993 for the purpose of constructing the Westside Drive Sanitary Sewer Project in the amount of \$185,908. This represents the balance of the original \$550,000 authorized. (The Board of Selectmen recommends the passage of this warrant article.)

Article 26: To see if the Town will vote to rescind the bonding authority granted on March 10, 1998 for the purpose of Town Office Maintenance in the amount of \$34,500, the amount originally authorized. (The Board of Selectmen recommends the passage of this warrant article.)

Article 27: To see if the Town will vote, in compliance with RSA 41:11-a, to authorize the Board of Selectmen to rent the Raynes Farm, for agricultural purposes, for a period of more than one year.

Article 28: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$270,000 for the purpose of making improvements to the Guinea Road/Hampton Road intersection, of which \$135,000 will be paid for out of already secured private funds and funds from the Exeter Region Cooperative School District. (Four of the five members of the Board of Selectmen recommend this appropriation.)

Article 29: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$115,000 for the purpose of separating storm and sanitary sewer flows on Lantern Lane, the last inter-connected sewer lines in Town. (The Board of Selectmen recommends this appropriation.)

Article 30: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$100,000 for the purpose of renovating the Town swimming pool, a project last undertaken in 1987. (The Board of Selectmen recommends this appropriation.)

Article 31: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$100,000 for the purchase of a portion of a parcel of land off the Epping Road, specifically referred to as Map 47 Lot 8, to be used as a site for the construction of new Fire Department facilities. (The Board of Selectmen recommends this appropriation.)

Article 32: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$65,000 for the purpose of refurbishing Fire Engine 2, a 1984 CF Mack pumper. (The Board of Selectmen recommends this appropriation.)

Article 33: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$45,000 for the purpose of constructing a fire rated stairwell from the second floor of the Town Hall. (Four of the five members of the Board of Selectmen recommend this appropriation.)

Article 34: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$40,000 for the purpose of supplementing the \$40,000 raised at the 2003 Town Meeting for the purpose of replacing the storm water sewer line between Lincoln St. and the rear of Lincoln St. School. (The Board of Selectmen recommends this appropriation.)

Article 35: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$25,000 for the purpose of a detailed study of building use options for the Town Office Building, to include analysis of current functions, space needs, preliminary design and cost estimates for suggested solutions, including possible use of the Town Hall. (The Board of Selectmen recommends this appropriation.)

Article 36: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$12,000 for the support of the Rockingham County Community Action Program, an agency providing a range of support services to residents including but not limited to health insurance counseling, emergency food and fuel assistance and job training. (The Board of Selectmen recommends this appropriation.)

Article 37: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$11,310 for the support of the Seacoast Big Brother/Big Sister program, an agency providing the opportunity for matching children with appropriate adult mentors to assist with the development of self-esteem for the children. (The Board of Selectmen recommends this appropriation.)

Article 38: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$11,000 for support of Child and Family Services, Inc., an agency providing counseling and support services for families. (The Board of Selectmen recommends this appropriation.)

Article 39: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$10,000 to be added to the Bus Replacement Capital Reserve Fund previously established for this purpose. (The Board of Selectmen recommends this appropriation.)

Article 40: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$7,500 for support of the Seacoast Hospice, an agency providing support services for those families suffering through a terminally ill diagnosis. (The Board of Selectmen recommends this appropriation.)

Article 41: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$6,500 for support of the Rockingham Nutrition & Meals on Wheels program, a non-profit agency dedicated to promoting the health, well-being and independence of older and disabled adults throughout Rockingham County. (The Board of Selectmen recommends this appropriation.)

Article 42: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$6,000 for the support of the Richie McFarland Children's Center, an agency providing developmental instruction to children under the age of 3. (The Board of Selectmen recommends this appropriation.)

Article 43: On petition of Larry Cellucci and others to see if the Town will vote to eliminate the Blue Bag user fees, thereby inserting the expenditures in the Town Operating Budget.

Article 44: On petition of George St. Armour and others to see if the Town shall modify the disabled exemption as follows? The exemption based on assessed value for qualified taxpayers shall be \$125,000. To qualify, the person must have been a New Hampshire resident for at least 5 years and own and occupy real estate individually or jointly. Or, if the real estate is owned by a spouse they must have been married for at least 5 years. In addition, the taxpayer must have a net income of not more than \$35,000; or if married a combined net income of not more than \$45,000; and not own net assets in excess of \$150,000; excluding the value of the person's residence.

Article 45: On petition of F. B. Dibble Jr. and others to see if the Town will vote to raise and appropriate the sum of \$2,000 for support of the New Outlook Teen Center, an agency providing after school and summer adventures for middle and high school youth in the SAU-16 School District. (The Board of Selectmen recommends this appropriation.)

Article 46: On petition of Sarah Oxnard and others to see if the Town will vote to raise and appropriate the sum of \$5,800 for support of Lamprey Health Care, an agency providing medical and transportation services. (The Board of Selectmen recommends this appropriation.)

Article 47: On petition of Jonathan S. Ring and others to see if the Town will vote to abandon all right, title and interest in and to that strip of land bisecting Lots 11 and 13 on Tax Map 27 shown as "Old Public Highway to be Abandoned" on that plan filed with this petition, which strip of land is where a section of the former Beech Hill Road was located, which section was discontinued by vote of the 1851 Town Meeting and relocated to its present location in 1852.

Article 48: On petition of Iverna Griffin and others to see if the Town shall modify the Elderly Exemptions from property tax in the Town of Exeter based on assessed value, for qualified taxpayers, to be as follows: for a person 65 years of age and up to the age of 75 years, \$125,000; for a person 75 years of age up to 80 years, \$150,000; for a person 80 years of age or older, \$200,000. To qualify, the person must have been a NH resident for at least five (5) years, own the real estate individually or jointly, or if the real estate is owned by such person's spouse, they must have been married for at least five (5) years. In addition, the taxpayer must have a net income of not more than \$38,500 or, if married, a combined net income of less than \$49,500; and own net assets not in excess of \$175,000, excluding the value of the person's residence.

Article 49: On petition of Marshall E. Quandt and others to see if the Town shall vote to establish a Municipal Budget Committee, if so the Committee shall consist of nine (9) elected-at-large members, in concurrence with the 2005 Annual Town Meeting.

Article 50: To transact any other business that may legally come before said meeting.

Given under our hands and seals this 26th day of January, 2004, the Board of Selectmen.

Paul Binette, Chairman
Lionel Ingram, Clerk
Joseph Pace

William Campbell, Vice-Chairman
Robert Eastman
Board of Selectmen

We certify that on the 26th day of January, 2004, we caused a true copy of the within warrant to be posted at the Exeter Town Hall on Front Street, the Exeter Public Library at Founder's Park and the Town Clerk's office, 10 Front Street.

Given under our hands and seals this 29th day of January, 2004, the Board of Selectmen.

Paul A. Binette, Chairman
Lionel Ingram, Clerk
Joseph W. Pace

William Campbell, V-Chairman
Robert Eastman
Board of Selectmen

[The version printed here includes changes to the original warrant as voted at the Deliberative Session of February 7, 2004. Both the original copy posted on January 26, 2004, and this present copy, are available for viewing at the Town Clerk's office and was posted February 9, 2004.]

BUDGET OF THE TOWN/CITY

REVISED

OF: _____ Exeter, New Hampshire _____

Appropriations and Estimates of Revenue for the Ensuing Year January 1, 2004 to December 31, 2004

or Fiscal Year From _____ to _____

IMPORTANT:

Please read RSA 32:5 applicable to all municipalities.

1. Use this form to list the entire budget in the appropriate recommended and not recommended area. This means the operating budget and all special and individual warrant articles must be posted.
2. Hold at least one public hearing on this budget.
3. When completed, a copy of the budget must be posted with the warrant. Another copy must be placed on file with the town clerk, and a copy sent to the Department of Revenue Administration at the address below.

This is to certify that this budget was posted with the warrant on the (date) 2/10/04 (Amended 2/7/04 deliberative session)

GOVERNING BODY (SELECTMEN)

Please sign in ink.

Paul A. Brette
William E. Campbell

Robert Eastman
Leon T. M.
J.W. B.

THIS BUDGET SHALL BE POSTED WITH THE TOWN WARRANT

FOR DRA USE ONLY

INDEPENDENT AUDITOR'S REPORT

To the Members of the
Board of Selectmen and Town Manager
Town of Exeter
Exeter, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Exeter, New Hampshire as of and for the year ended December 31, 2002 as listed in the table of contents. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with accounting principles generally accepted in the United States of America. As is the case with most municipal entities in the State of New Hampshire, the Town of Exeter has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Exeter as of December 31, 2002, and the results of its operations and the cash flows of its nonexpendable trust funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 4, 2003 on our consideration of the Town of Exeter's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Town of Exeter
Independent Auditor's Report

Our audit was made for the purpose of forming an opinion on the general purpose financial statements of the Town of Exeter taken as a whole. The combining and individual fund financial statements listed as schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Exeter. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the general purpose financial statements. All such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

Gregory A. Colby, CPA

TOWN OF EXETER, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2002

Annual Requirements to Amortize the Capital Lease Payable

<u>Fiscal Year Ending</u> <u>December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2003	\$ 73,535	\$ 5,410	\$ 78,945
2004	68,784	10,161	78,945
2005	72,016	6,929	78,945
2006	<u>75,401</u>	<u>3,544</u>	<u>78,945</u>
<u>Totals</u>	<u>\$ 289,736</u>	<u>\$ 26,044</u>	<u>\$ 315,780</u>

All debt is general obligation debt of the Town, which is backed by its full faith and credit, and will be repaid from general governmental revenues.

The lease-purchase agreement contains a non-appropriation funding clause whereby, in the event no funds or insufficient funds are appropriated by the Town, the lease shall terminate without penalty or expense to the Town.

3-G State Aid to Water Pollution Projects

Under N.H. RSA Chapter 486, the Town receives from the State of New Hampshire a percentage of the annual amortization charges on the original costs resulting from the acquisition and construction of sewage disposal facilities. At December 31, 2002, the Town is due to receive the following annual amounts to offset debt payments:

<u>Fiscal Year Ending</u> <u>December 31,</u>	<u>Amount</u>
2003	\$ 180,693
2004	83,894
2005	71,585
2006	<u>65,401</u>
<u>Total</u>	<u>\$ 401,573</u>

NOTE 4 - OTHER MATTERS

4-A Pensions

Plan Description and Provisions

The Town of Exeter participates in the New Hampshire Retirement System (The System) which is the administrator of a cost-sharing multiple-employer contributory pension plan and trust established in 1967 by RSA 100-A:2 and is qualified as a tax-exempt organization under Sections 401(a) and 501(a) of the Internal Revenue Code. The plan is a contributory, defined benefit plan providing service, disability, death and vested retirement benefits to members and their beneficiaries. Provisions for benefits and contributions are established and can be amended by the New Hampshire State Legislature. The System issues a publicly available financial report that may be obtained by writing the New Hampshire Retirement System, 4 Chenell Drive, Concord, NH 03301.

TOWN OF EXETER, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2002

Description of Funding Policy

The System is financed by contributions from both the employees and the Town. Member contribution rates are established and may be amended by the State legislature while employer contribution rates are set by the System trustees based on an actuarial valuation. All employees except police officers and firefighters are required to contribute 5% of earnable compensation. Police officers and firefighters are required to contribute 9.3% of gross earnings. For the year 2002, the Town contributed 5.33% for police officers, 6.61% for firefighters and 4.14% for other employees. The contribution requirements for the Town of Exeter for the years 2000, 2001, and 2002 were \$123,676, \$133,794, and \$154,174, respectively, which were paid in full in each year.

The State of New Hampshire funds 35% of employer costs for firefighters and police officers employed by the Town. The State does not participate in funding the employer costs of other Town employees. GASB Statement No. 24, *Accounting and Financial Reporting for Certain Grants and Other Financial Assistance* requires this amount to be reported as a revenue and expenditure in the Town's financial statements. This amount \$81,010 has been included on Exhibit B - Combined Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Fund Types and Expendable Trust Funds and is reconciled to the budgetary expenditures in Note 2-B.

4-B Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters. During fiscal year 2002, the Town was a member of the New Hampshire Municipal Association Property-Liability Trust, Inc. and the New Hampshire Public Risk Management Exchange (Primex) Workers' Compensation Program. These entities are considered public entity risk pools, currently operating as common risk management and insurance programs for member towns and cities.

The New Hampshire Municipal Association Property-Liability Trust, Inc. is a Trust organized to provide certain property and liability insurance coverages to member towns, cities and other qualified political subdivisions of New Hampshire. As a member of the NHMA Property-Liability Trust, Inc., the Town shares in contributing to the cost of, and receiving benefits from, a self-insured pooled risk management program. The membership and coverage run from July 1 to June 30. The program includes a Self-Insured Retention Fund (SIR) from which is paid up to \$500,000 for each and every covered property, auto physical damage and crime loss, subject to a \$1,000 deductible, and each and every covered general liability and public officials' liability loss. The Trust maintains, on behalf of its members, reinsurance policies shared by the membership.

Contributions paid in 2002 for FY2003 ending June 30, 2003, to be recorded as an insurance expenditure totaled \$135,651. There were no unpaid contributions for the year ending June 30, 2003 and due in 2002. The trust agreement permits the Trust to make additional assessments to members should there be a deficiency in Trust assets to meet its liabilities. At this time, the Trust foresees no likelihood of any additional assessments for past years.

TOWN OF EXETER, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2002

The New Hampshire Public Risk Management Exchange (Primex) Workers' Compensation Program is a pooled risk management program under RSAs 5-B and 281-A. The workers' compensation and employer's liability policy provides statutory coverage for workers' compensation and up to \$2,000,000 of employer's liability coverage. Primex retained \$500,000 of each loss through June 30. The membership and coverage run from January 1 through December 31. The estimated net contribution from the Town of Exeter billed and paid for the year ended December 31, 2002 was \$65,639. The member participation agreement permits Primex to make additional assessments to members, should there be a deficiency in contributions for any member year, not to exceed the member's annual contribution. At this time, Primex foresees no likelihood of any additional assessment for this or any prior year.

4-C Contingent Liabilities

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by such grantor agencies, principally the Federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount of expenditures which may be disallowed by the grantor cannot be determined at this time although the Town expects such amounts, if any, to be immaterial.

4-D New Reporting Standard

In June 1999, the Governmental Accounting Standards Board (GASB) issued Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*. This statement establishes new financial reporting requirements for all state and local governments. When implemented, it will require new information and restructure much of the information that governments have presented in the past. Comparability with reports issued in all prior years will be affected. The Town is required to implement this standard for the year ending December 31, 2003.

Exeter School District

Warrant

&

Budget

EXETER SCHOOL DISTRICT WARRANT 2004 ANNUAL MEETING

To the inhabitants of the School District of the Town of Exeter, County of Rockingham, State of New Hampshire, qualified to vote upon District affairs:

You are hereby notified to meet as follows:

FIRST SESSION: at the Lincoln Street School Cafeteria, Lincoln Street in said Exeter on Tuesday, February 3, 2004, at 7:00 pm for explanation, discussion, debate and possible amendment of the following warrant articles.

1. Shall the District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant, or as amended by vote of the first session, for the purposes set forth therein totaling \$10,783,234.00? Should this article be defeated, the operating budget shall be \$10,624,851.00, which is the same as last year, with certain adjustments required by previous action of the District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The School Board recommends \$10,783,234.00 as set forth on said budget.)

2. Shall the District raise and appropriate the sum of \$250,000.00 to be added to the special reserve fund under the provisions of RSA 35:1-c established by the 1997 District Meeting for the purpose of creating a fund to be used to offset the Exeter taxpayers' share of the Exeter Region Cooperative School District's bond payments (principal and interest) for the new middle level cooperative school building for the fiscal years from July 1, 2007 through June 30, 2017? [The Exeter School District is receiving buy-out payments from the Coop for ten years (1998-2007). However, the Exeter taxpayers' share of the bond payments on the new middle school will continue for an additional ten years after the buy-out payments cease. The purpose of this Article is to reserve a portion of the proceeds from next year's buy-out payment to offset the Exeter taxpayers' share of the bond payment in years 11 through 20. A capital reserve fund for this purpose and the first appropriation were approved by the voters at the 1997 annual meeting.] (The School Board recommends this appropriation.)

3. Shall the District raise and appropriate the sum of \$140,000.00 to be added to the capital reserve fund established by the 2002 annual meeting under RSA 35:1, for the purpose of construction, reconstruction, or acquisition of school buildings and/or school ground site improvements, including associated engineering and architectural fees? [The Exeter School District is receiving buy-out payments from the Coop for ten years (1998-2007). The purpose of this Article is to reserve a portion of the buy-out proceeds from the Coop to ease the future financial impact on the Exeter taxpayers for the cost of renovations to the Exeter School District elementary schools.] (The School Board recommends this appropriation.)

4. To see whether the District shall vote to establish a Land and Improvement Acquisition Capital Reserve Fund under the provisions of RSA 35:1 et seq for the purposes of the acquisition of land and improvements thereon and to place therein the sum of up to \$430,000.00 from the estimated net proceeds from the sale of the Court Street Property; said proceeds to be placed into the Capital Reserve Fund upon the sale of said property. (The School Board recommends this article.)

5. To hear reports of agents, auditors, and committees or officers heretofore chosen.

6. To transact any other business which may legally come before the meeting.

SECOND SESSION: At the Exeter Town Hall in said Exeter on Tuesday, March 9, 2004, to choose the following School District Officer(s): two (2) school board members for three (3) year terms; School District Moderator for three (3) year term; School District Clerk for three (3) year term; School District Treasurer for three (3) year term and vote on the articles listed as 1, 2, 3, and 4, above, as those articles may be amended at the First Session; by ballot, the polls to open at eight of the clock in the forenoon, and to close no earlier than eight of the clock in the evening.

Given under our hands at said Exeter on this 13th day of January, 2004.

EXETER SCHOOL DISTRICT SCHOOL BOARD:

Joan Henson

Jean Tucker

Lisa Chandler

John Maxwell

Kathy McNeill

INDEPENDENT AUDITOR'S REPORT

To the Members of the School Board
Exeter School District
Exeter, New Hampshire

We have audited the accompanying general purpose financial statements of the Exeter School District as of and for the year ended June 30, 2003 as listed in the table of contents. These general purpose financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with accounting principles generally accepted in the United States of America. As is the case with most municipal entities in the State of New Hampshire, the Exeter School District has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Exeter School District as of June 30, 2003, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements of the Exeter School District taken as a whole. The combining and individual fund financial statements listed as schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Exeter School District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

INDEPENDENT AUDITOR'S COMMUNICATION OF REPORTABLE CONDITIONS AND OTHER MATTERS

To the Members of the School Board
Exeter School District
Exeter, New Hampshire

In planning and performing our audit of the Exeter School District for the year ended June 30, 2003, we considered the School District's internal control structure in order to determine the scope of our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements. Our review of these systems was not intended to provide assurance on the internal control structure and should not be relied on for that purpose.

Under the standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the School District's ability to record, process, summarize, and report financial data consistent with the assertions of management in the general purpose financial statements. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities, in amounts that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might constitute reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

We are pleased to report that, during the course of our review of internal controls, no material weaknesses in the School District's accounting systems and records were identified. Minor weaknesses or other considerations coming to our attention were generally procedural in nature and dealt with administrative or recordkeeping practices. In these instances, we made specific recommendations or provided instruction to applicable individuals during the course of our audit fieldwork.

This report is intended solely for the information and use of management and others within the administration. This restriction is not intended to limit distribution of this report, which is a matter of public record.

PARKS AND RECREATION DEPARTMENT

This past year saw many changes to the department as a whole and to its offerings. Doug and Jan Dicey retired in January taking with them almost a combined 60 years of service to the town of Exeter. New Director Michael Favreau was hired in February and Greg Bisson was hired as Assistant Director in March.

Initially our goals were to maintain the variety of programming the town has become accustomed to, until additions and improvements could be made. After making a concerted effort to improve the parks and ball fields, we started to view the department through new eyes. In 2003 some of the additions and improvements included the Summer Adventure Camp with many more trips and new activities; the swimming pool season was extended and the food concession had many new items. We saw an increase of 150 participants in our youth soccer program in a revised format; introduced flag football, youth lacrosse, golf clinics, power cheerleading and dance camp; enjoyed a very successful baseball season; a revised format in youth basketball and expanded the Easter Egg Hunt.

In terms of services, we have instituted a “soft” deadline for program registration that creates a waiting list and allows all children to participate as long as there is a slot available. We are also proud of our new summer brochure that outlines all of our programming and services. Lastly we will be purchasing a defibrillator unit that will be on all bus trips and at the swimming pool in the summer.

We would like to take this opportunity to thank all the volunteers who participated in many of our sports programs. Your contribution is key to the development of our youths. We also appreciate the generosity of individuals and businesses whose donations supported several activities such as the Summer Concert Series and Halloween festivities.

All of us at the Parks and Recreation Department look forward to serving you in 2004. We are always open to suggestions from the community. Thank you for the warm welcome and we look forward to your input regarding future programs and activities.

Respectfully submitted,

Michael Favreau, Director

Greg Bisson, Assistant Director
Cindy Lundberg, Office Super.
Brooke Nelson, Office Asst.
Rod Hersey, Parks Foreman
Bill Thompson, Park Maint.

SWASEY PARKWAY

The Swasey Parkway Trustees continue to do their best to make improvements to the Park on limited funds available. Many of you might not be aware that the Parkway does not request any funds from the Town budget, but instead operates from the interest of a trust fund. Swasey Parkway was a gift to the Town from Ambrose Swasey in November 1931, at that time a trust fund was established.

The revenue from the trust, since 1988, has increased 85.8%, while the costs of maintaining the greens have increased 353.12%. Warrant articles are occasionally submitted for major projects, not general upkeep. The trustees would welcome the public's suggestions to get these numbers more in balance.

We continue to try to make the Parkway an attractive area that you, the residents, can be proud of and utilize. The Parkway saw many activities this year. The season kicked off with Good Friday/Easter sanctuary with Exeter Methodist Church, continuing with Senior Day Lunch, Alewife Festival, Farmers Market, Concerts in the Park, a Cycling Event, Kiwanis Club Road Race and Revolutionary War Festival. The park also serves as the perfect backdrop for special portraits, i.e. weddings, proms and family photos. You can stop by the Public Works Department office to pick up an application for use of the Parkway.

A special thanks goes to David Kady, of Kady Landscape Inc., who has done a remarkable job in maintaining the Parkway on a limited budget.

In the past we have allowed trees to be planted and benches to be placed in memory of a loved one throughout the Parkway. Due to the space constraints we are discontinuing the placements of trees and benches and are researching alternative options.

Financial Report Swasey Parkway –2003		
Balance January 1, 2003		\$2,399.35
Revenue from Trust Fund	13,641.00

Swasey Parkway Trustees

HISTORIC DISTRICT COMMISSION

During this past year, we revised the Preservation Guidelines for the Historic District to incorporate comments from property owners and from members of the Commission. We've printed copies of the revised Guidelines, which can be reviewed in the Town Planning Office and bought for \$10, if needed. Rather than spend taxpayers' money to print a complete copy of the revised Guidelines for each property owner in the Historic District, we notified the owners by letter of the editorial and substantive changes to the Guidelines. The revised Guidelines contain a new application form, which we hope that property owners will find easier to use.

We also replaced the 4 Historic District signs that we hope are more attractive than the old ones. The new signs were paid for in part from proceeds of a raffle at the 2002 Revolutionary War Festival.

We continue to work on the project of incorporating digital photographs of all the properties in the Historic District into the town's Geographic Information System (GIS). We believe that being able to retrieve property descriptions, maps, and photographs from the GIS database during Historic District Commission Meetings would benefit commission members and property owners during review of applications.

We invite all interested residents to our meetings held on the third Thursday of each month in the Nowak Room of the Town Office Building.

Respectfully submitted,

The Historic District Commission

Fred Kollmorgen, Chair

Water and Sewer Advisory Committee

The Town of Exeter's *Water and Sewer Advisory Committee* is a volunteer board of residents providing technical and financial input to the Board of Selectmen and the Department of Public Works (DPW) on facility and infrastructure capital projects, annual budgeting and long term management approach. In 2003, we concentrated on the continued planning and implementation of upgrades to aged infrastructure and facilities in an effort to provide quality services to residents and businesses for the next 20-25 years.

Our largest effort of the year involved building on last year's preliminary designs for major water system improvements to the Portsmouth Avenue treatment plant, portions of which date to the late 1800s. Town residents voted in March to further develop the preliminary designs and fund a final design effort in preparation for construction of a new Water Treatment Plant (WTP) off of Holland Way. The Committee assisted the DPW and the town's technical consultant during site design, facility function and layout analysis, security assessment, and a two-phase Value Engineering cost analysis exercise. These joint efforts reduced the projected cost of the new WTP while maintaining appropriate water quality and service functions.

Other water system projects conducted during the year included members providing input on town committees charged with protecting the Dearborn Brook watershed, one of the town's primary water sources, as well as the Planning Department's Visioning Steering Committee charged with updating the Water Resources section of the Town's Master Plan. The Committee also hosted a multi-jurisdictional forum to discuss the environmental, financial, technical impacts of selling excess water capacity to surrounding communities as a way to reduce the financial impact of WTP construction. Based on input from this forum, the Committee is not pursuing this approach at this time.

On the sewer side of operations, the Committee worked with DPW to complete construction of various sewer system projects conducted during the year recommended in the 2001 Facilities Plan update and Capital Improvements Plan (CIP) for the Department.

The Committee provided input to DPW on considering the impacts of above described construction efforts on our rate structure. An increase to the Service portion of the rates was implemented during the year to offset the cost of designing the WTP, increases in administrative portions of the annual budget, and funding various small capital projects. An additional increase is being considered for the usage portion of the rate to pay for the construction cost of the WTP once those numbers are finalized later in 2004.

Our budgeting process was again a collaborative effort between the Committee, DPW and the Departments of Finance and Planning in order to coordinate work and efforts in other areas of town. We continued to use the strategy of incorporating several infrastructure improvement projects and equipment upgrades into the budget while keeping overall expense increases relatively flat. This approach has been successfully used since 1999 in advance of significant capital improvements to both systems beginning in 2004-2005.

The Committee looks forward to 2004 as a continued interactive process with town departments and ratepayers to implement needed facility upgrades for a fair and reasonable cost. We wish to thank in particular town employees who continually assist us in serving the needs of the Town of Exeter: George Olson, Town Manager; Keith Noyes, Director of Public Works; Victoria Del Greco, Water &

Sewer Superintendent; Jennifer Perry, P.E., Town Engineer. In addition, several water department staff, including Chief Operator Tony Calderone, have provided valuable input into proposed improvements making it a successful team effort.

As always, we welcome new member interest from those who have a particular expertise or interest in serving the town on this utility board.

Respectfully submitted,

W. Robert Kelly, P.E.
Chairman

EXETER, NEW HAMPSHIRE - WATER TREATMENT PLANT
PROCESS ADMINISTRATION BUILDING

CDM

Proposed design – Water Treatment Plant (Art. #16)

BUILDING INSPECTOR

As in past years, the Building Inspector's office and staff has made it through another "block-buster" of a year. With major projects finishing, others seem to follow in their footsteps. Sterling Hill at Exeter has completed one of four 32-unit residential buildings, with the second to begin as early as January 2004. Also, RiverWoods has started its Phase III - "The Ridge at RiverWoods", an extension of the existing elderly congregate healthcare facility. These are just a couple of the projects, with others too numerous to mention, and not quite as large.

I would like to thank Art French, Barb McEvoy and Linda Bruce for their hard work and efforts that make this office function as smoothly as it does. As always, our office is open for questions about your property and your projects. This office, as in the past, works closely with all Town Departments and volunteer boards.

My sincere thanks to the residents of Exeter for allowing me to serve as your Building Inspector.

Respectfully submitted,

Douglas Eastman
Building Inspector/
Code Enforcement Officer

PLANNING DEPARTMENT

When I asked my staff what they thought of the past year, they chimed in; "We're over-loaded but we have fun and we get things done!" I'm not so sure about the fun part but we did accomplish quite a bit this year. And if I wrote about half of the things that went through the office, you would understand why I am hoping Exeter's growth slows down a bit in 2004.

We were kept quite busy with many development proposals but the ones that stand out in my mind were the approvals of Riverwoods, Tire Warehouse and Watson Road's Forest Ridge. Each of these projects brought to bear that at times the needs and desires of the developers, the abutters, the Board members and town staff can be quite conflicting. No matter what the project is, from start to finish, it is my goal to create the best project for all stakeholders through negotiation and compromise. I hope the fruits of our labor become evident as these projects get built and become part of Exeter's landscape.

I'll mention a few noteworthy Planning Department projects. First, the continuation of the Town's Master Plan included our second Visioning Session in January. The revising and shaping of three chapters (Conservation and Preservation, Water Resources, and Public Utilities and Services) still continues while we begin our next three chapters (Transportation, Historic and Cultural Resources and Housing). Over the summer, we were very surprised when the Office of State Planning rewarded our efforts for the Visioning Sessions, declaring them the 2003 Project of the Year. I thank Cliff Sinnott, Executive Director of Rockingham Planning Commission for his nomination.

Second, our consultant team and committee for the Historic Downtown Restoration Project held three public hearings highlighting ideas on the project's circulation, landscaping, pedestrian safety and utility improvements. The consultant team developed numerous alternatives for improvements and made multiple efforts to obtain public input. The team also presented committee recommendations to the Historic District Committee and Selectmen. During 2004, the team will finalize recommendations and strategize the phasing of the project.

Third, the impact fee methodology studies for school, fire and recreation were completed by our consultant, Bruce Mayberry. The studies were reviewed by our impact fee subcommittee, accepted by the Planning Board and passed on for review and acceptance by the Selectmen. We hope to finalize these fees in 2004.

As always I thank the staff of the Planning and Building Departments; Doug Eastman, Barbara McEvoy, Linda Bruce, Art French and our site inspectors, Jeff Hyland and Joe Baillargeon. Also, I would like to thank the folks that always seem to be willing to spend their time helping in one or more of our projects, committees or boards. Simply put, I am lucky to have you, as is Exeter.

With gratitude,

Sylvia von Aulock
Town Planner

PLANNING BOARD

The Exeter Planning Board is entrusted with the task of encouraging and directing appropriate land use in the Town of Exeter. The Board is composed of citizen volunteers appointed by the Exeter Selectmen. The Board strives to enhance and preserve the character of the community by adhering to three basic sets of responsibility.

1. It is responsible for the preparation and amendment of the Town's
 - a. Master plan
 - b. Capital improvement plan
 - c. Subdivision regulations
 - d. Site plan review regulations
2. Within these plans and regulations, the Board is responsible for the review and approval of all:
 - a. Subdivisions
 - b. Lot line adjustments
 - c. Site plans for non-residential uses and multi-family dwelling units.
3. Annually, the Board reviews and then recommends, as appropriate, amendments to the Town's zoning ordinances for consideration by the Town's citizens.

This past year has been a busy one for the Board. Several new residential and commercial reviews have passed through the Board. These have included the Ridge at Riverwoods as well as several new subdivisions. In addition the Board continues to evaluate the use of impact fees to support the expanded town services required by growth. During the past year the board has reviewed impact fees for the schools and the police and fire departments. These recommendations were passed on to the Selectmen for their passage. Smart growth principles are used in the management of growth and development in the Town. The Board continues to help define an effective capital improvement plan in conjunction with the Exeter Schools and Public services.

The Board generally meets every second and fourth Thursday of the month at 7:00PM in the Nowak Room of the Town Office Building. The Board encourages the public to attend and participate at these meetings. These meetings are also televised on EXTV, channel 22, the Town's government and education channel.

The Board is very appreciative of all the support and expertise of Sylvia von Aulock, the Town Planner, as well as the Planning Department and the citizens. We hope for your continued support of the Board in the future. The Board is also grateful of the support, cooperation and participation of the Exeter Selectmen and of the Exeter residents.

Respectfully submitted,

The Exeter Planning Board

EXETER ZONING BOARD OF ADJUSTMENT

The Exeter Zoning Board of Adjustment sits as a five member quasi-judicial body to hear and decide on four types of applications: variance, special exception, appeal from an administrative decision and equitable waivers of dimensional requirements.

An application for a variance alleges that a literal enforcement of a particular provision of the zoning ordinance would result in an unnecessary hardship. An application for a special exception is a request to permit a specific use subject to meeting certain criteria set forth in the Zoning Ordinance. An appeal from an administrative decision involves a request for review of a decision by an administrative official with respect to enforcement of any provision of the Zoning Ordinance. An equitable waiver of a dimensional requirement may be granted if the Board finds that a zoning setback requirement has mistakenly been violated despite a good faith effort to comply with the regulations.

The Zoning Board of Adjustment met twelve times in 2003 and considered a total of thirty-three (33) applications. Eleven applications for variance were heard – six of which were granted and five denied. Thirteen applications for special exception were heard, ten of which were granted, two denied and one withdrawn by the Applicant prior to the public hearing. One application for an equitable waiver was heard by the Board and granted. Five appeals from administrative decisions were filed; one was partially granted, two were denied, one was withdrawn, and one was returned to the Applicant as it was deemed unacceptable. At the writing of this report, three applications are being considered and have been scheduled for a December public hearing.

The Zoning Board of Adjustment meets the third Tuesday of each month at 7:00 P.M. in the Nowak Room of the Town Office Building. The Board would encourage any resident with an interest in participating on this Board to contact the Planning & Building Department.

WELFARE DEPARTMENT

General Assistance is designed to provide short-term assistance to eligible residents of the Town of Exeter. Assistance is granted for the help of basic needs such as shelter, food, utilities, and medical needs and is always done in the form of a voucher. All recipients of General Assistance agree to reimburse the Town when they return to an income status that allows them to do so.

This year I have seen an increase in the number of clients in need. With the cooperation of these individuals, we are able to sort out their situations and provide the financial assistance needed due to their hardship, combining the support of the client and the generosity of many area human service agencies, civic organizations, local churches, and private donors. There has been no situation too extensive that we were not able to resolve. With the budget cuts at the higher levels, we are still able to meet those needs due to the awareness of the programs available to the clients, and the ability to utilize them.

Once again I would like to thank all the individuals that have assisted those in need during the past year and to take the opportunity to thank the Board of Selectman, our Town Manager, fellow Department Heads and all other town employees for your cooperation and support.

Respectfully submitted,

Sueanne Benoit, Welfare Director

Some of the 29 Seniors from the repeating State Football Championship Team at EHS (undefeated season) being recognized at a Selectmen's meeting.

EXETER FIRE DEPARTMENT

Health Officer Report

The Health Department's mission is to enforce the NH public health rules and laws, as well as local health ordinances and regulations. The Health Officer (Asst. Chief Ken Berkenbush) and Deputy Health Officer serve as liaisons between the state officials and local community issues concerning local public health.

The Health Department inspects and approves daycare facilities and foster homes. We conduct sanitary investigations into complaints and nuisances which may endanger public health. We inspect and license the food service establishments in town.

The department received numerous complaint calls. Issues ranged from well water problems to dumpster odors, to restaurant issues. Animal control and the Health Department received many calls for dead birds this summer. Animal Control was the collection agent of the dead birds. West Nile Virus testing was done at the state lab. The Town had six positive birds for WNV.

As of the end of 2003, Exeter has eighty-seven licensed food service operations. Two operations closed, and four new operations opened. The Bureau of Food Protection revised the NH Rules for Sanitary Production and Distribution of Food, He-P 2300, in May 2003. Subsequently the Town's 1204 Health Ordinance was revised to reflect the state's changes.

The Health Department hosted two local area health officer training meetings. The Deputy Health Officer attended several conferences and training meetings to keep current with state regulations, FDA regulations, and public health issues. The Deputy Health Officer is a member of the National Environmental Health Association, NH Safe Food Alliance, NH Public Health Association, and the NH Health Officer Association; and is on its executive board.

For a breakdown of activities see the Exeter Fire Department Consolidated Report. Please visit the Health Department website at www.exeternh.org for links to the NH State Bureau of Food Protection, Child Care, Foster Care, Environmental Services, and others such as the CDC, FDA and the WHO.

Questions or concerns regarding public health issues may be directed to the Exeter Health Department at 773-6132.

Judy Jervis
Deputy Health Officer

Exeter Fire Department

Emergency Management Division

This past year we focused our attention on anti-terrorism training and Homeland Security. The Emergency Management Office, working with the Fire and Police Departments, has collectively utilized one of several State Homeland Security Grants (SHSGP) to purchase equipment to enhance security at the Public Safety Complex and to increase the protective and monitoring capabilities of our emergency response personnel to any terrorism threat. The Grants are very specific and are expected to be used for security purchases only. Such purchases include monitoring and detection equipment, protective clothing or any other types of related tools or supplies associated with the Homeland Security.

Seabrook Nuclear Power Facility did not conduct any drills this year. There has been a change in ownership at the plant. Changes have occurred, one being in communication and budgetary requests. Of these changes, none will effect drills or any other characteristics pertaining to emergencies. In contrast, next year will be a busy year for drills: four will be conducted and three of them will effect this organization. Exeter has always participated in all of the emergency drills at Seabrook and does intend to take part in the upcoming drills for 2004.

In 2004, the Emergency Management office will continue its quarterly inspections and update of all Radiological Response equipment and plans located throughout the Town and at the Emergency Operations Center. Furthermore, the Town of Exeter's Emergency Plan is being updated. Sections are being added to keep up with ever changing situations we might find ourselves in. This year we sent several firefighters to school in Nevada for recognition of explosive devices and also to Alabama for training in chemical weapons. Our intent is for these trained personnel to educate the remaining department.

As always the Emergency Management office will continue seeking federally funded anti-terrorism training to augment our fire department annual training.

If there are any questions about this office, or involving the potassium iodide distribution, please feel free to call 773-6129. I will return your call without delay.

Chris Soave

Emergency Management Director

Exeter Public Library

Have you been in your library lately? If not you must come in and see the changes!

There is a new Young Adult section planned especially for our teenage patrons, using many of their suggestions. The YA area is really a Teen Scene!

We also added new shelving on the mezzanine level for the science fiction, fantasy, and short story collections. And for all you mystery fans we even added new shelving for your favorite genre.

Now you may be asking why did we decide to do these changes. The reason is rather interesting. Your library is a very busy, active place and the residents of Exeter use the library so often, check-out and request so many books that we reached the point, in fact we had reached it about 4 years ago, of needing additional room for the teens, for the mysteries, and for science fiction. Last year, using money appropriated by the town, we employed a specialist in library usage to study the library and how Exeter's residents use it. We received a number of recommendations from the study for ways to make more efficient use of the space available. The changes you see are a direct result of that study.

Also this year we had three very popular summer reading programs: 'Reading Rocks the Granite State' for children, 'Reading Rocks!' for teens and 'Whiz! Bang! Read!' for adults. We had so many patrons, young and old, participate that we will be doing programs for all in 2004.

We offered a number of interesting and varied programs and if you never attended any you are missing some of the finest programs available anywhere. Come in and see what is going on in your library.

Did you see the Library's tree at the Festival of Trees? Once again this year the children's decorations for the tree made it one of the most unusual trees at the festival.

Exeter is truly a "Library Town". Once again the library's circulation was one of the highest for a library in a town of this size. The Exeter residents are dedicated to supporting and using the library. Those of us who work at the library want to thank the community for its interest and support, you all make it very rewarding for us to work at the Exeter Public Library.

Hope Godino

Director

Conservation Commission

The Commission would like to thank the citizens of Exeter for voting to support the Open Space Bond Article at this past year's Town Meeting. With your support and trust, the newly formed Open Space Committee will move forward in the initiative to permanently protect some of Exeter's remaining open space. Exeter was also fortunate to receive another LCHIP grant of \$50,000 last year to help stabilize and repair the Raynes/Wiggin barn. Coupled with private donations, we soon hope to repair the foundation, correct drainage problems and make the barn sound for many years to come.

The Commission conducted seven Wetland Application hearings and participated in two State Prime Wetland hearings last year. Two Thousand Three also saw several substantial developments in Exeter. The Conservation Commission, working with the developers and the Planning Board, helped realize the preservation of open space within these developments. The Ridge at RiverWoods set aside 25 acres of green space around their new facility. An 80-plus housing development, Forest Ridge, will turn over almost 150 acres of open space to the Town, and the new Exeter High School project will set aside 80 acres of green space. While Exeter continues to grow and prosper, a partnership between development and conservation can exist.

Members of the Commission participated in the Town's Master Plan revision. One of the chapters produced an updated Conservation and Preservation Plan.

Two members of the Commission were involved in special projects last year. Tim Warr worked with the Audubon Society in an effort that soon will erect an osprey nesting platform along the Squamscott River. Grace Bottita was very involved in organizing and managing the Saltwater Marsh Monitoring Plan for the Seacoast. The tidal marsh along the Raynes land was one of the areas monitored and studied.

The Commission would like to give special thanks to the Henderson family for their donation of a new granite sign marking the entrance of the Henderson-Swasey Town Forest.

The Conservation Commission meets the second Tuesday of every month in the Nowak Room at 7:00PM. These meetings are televised on EXT V Channel 22. Information may also be obtained at our website www.exeternh.org. We appreciate your help and comments as we continue to work for the protection of the natural resources of our Town.

EXETER ARTS COMMITTEE

The Exeter Arts Committee has continued carrying out its charge of mounting rotating art displays in the public spaces of the Exeter Town Offices. These year-round exhibits are changed three times a year in June, October and February. We regularly display the work of twenty to twenty-five Exeter area artists during each exhibit. An open invitation in our pre-exhibit newsletter attracts both new and repeat exhibitors.

With the completion of renovations and the installation of the new elevator in the Exeter Town Hall, the Art Committee resumed regularly scheduled month long weekend exhibits in the second floor gallery this past December, with a special display concurrent with the Holiday Open House and Festival of Trees in downtown Exeter. Subsequent exhibits will include both large group and individual displays of painting, sculpture, photography, crafts and other arts events in the second floor Town Hall Gallery.

On December 6th, 2003, the newly installed elevator was dedicated to Jane Bentley of Exeter for her fundraising leadership and to the late Bette Childs in recognition of her years of service to the Exeter Art Committee. The Committee extends its thanks to the voters of Exeter for the additional funding that made the elevator installation possible.

Co-Chairs: Delores Rebolledo and Barbara Cowan

Committee Members:

dedication of elevator to Jane Bentley*

OPEN SPACE COMMITTEE

On March 11, 2003, Exeter residents voted to support a \$3 million bond issue for the purpose of protecting some of the remaining undeveloped land in our community. As a result of this decision, an Open Space Committee was created and charged with bringing conservation opportunities to the Conservation Commission and the Selectmen for approval.

Since the first meeting held by the Open Space Committee (OSC) in early May, much has been accomplished. After a mission statement was drafted and approved, the committee members began the process of identifying undeveloped (and unprotected) parcels in Exeter that exceed 10 acres in size. Approximately 80 landowners have received a letter of introduction from the OSC and phone calls have been made to all landowners who have expressed an interest in learning more about conservation options for their land. The OSC is currently working closely with several property owners who wish to protect their property permanently.

Member list:	Gwen English, Chairman	Tom Chamberlin, Vice-Chairman
	John Haslam, Clerk	Peter Dow

	Don Briselden	

MISSION STATEMENT

**** Open Space Committee ****

The Exeter Open Space Committee's mission is to identify and permanently protect some of the remaining open space lands in Exeter, as identified in the Exeter Master Plan, that are of significant value to our community and its future. This may include:

- Land that is critical to maintaining our drinking water quality and quantity
- Scenic landscapes and gateways to our town
- Properties that are of historical significance
- Land that offers the potential for public recreational usage such as hiking and bicycling trails, parks and picnic areas
- Parcels of land that link existing conservation lands and easements, thus maintaining green beltways
- Places that give our town its special and unique character
- Key habitats that protect native plants and wildlife and encourage biodiversity
- Important agricultural and forest land

Exeter Council on Aging

The Exeter Council on Aging attempts to provide services for our senior citizens. An important one is the taxi discount program. The Town partially funds costs to the amount of two dollars per ticket and seniors pay one dollar. Rides are not allowed for pleasurable purposes, but for such reasons as doctors' appointments and emergencies.

The Town does provide a modest amount to the Council for postage and small expenses. The only other sources of funds are \$300 paid annually by the Exeter AARP and donations from citizens.

Our monthly newsletter includes information on matters of concern for the elderly, as well as having entertainment value. We are very fortunate to get a replacement editor for Lorraine Hanson who passed away suddenly last year. Amelia Jocelow serves as Editor with the aid of expeditor Peggy Lamb.

Lionel Ingram is serving the Council as Selectmen's representative and makes us aware of important town activities.

Council member Robert Swasey continues his efforts to maintain historical markers in Exeter. His latest suggestion is to refurbish the commemorative sign at Swasey Parkway, which is almost illegible at this time. The Town fathers have agreed to finance the project at no cost to the Council. Mr. Swasey was also largely responsible for a new memorial marker at Gale Park. Last April, the Council took part in a dedication of the new sign which indicates the War Memorial was sculpted by Daniel Chester French, a native son of Exeter. Many of our citizens do not realize he is also responsible for the Lincoln Memorial.

An on-going project of the Council was initiated by Colby Fortier, who plans to upgrade the meager Library in the Senior Center. He is accomplishing this to fulfill the required service project for attaining the rank of Eagle Scout. He intends to build book cases, solicit donations of books and set up a lending procedure.

The Council appreciates the valuable assistance of the Recreation Department staff. We also welcome suggestions for improving our activities from the public.

Respectfully submitted,

Frank J. Kozacka, Chairman

Council Members:

Alma Hall	Margaret Duhamel	Ted Klemarczyk
George Bragg	Frank Travis	Patricia Travis
Robert Swasey	Evelyn Zarnowski	James McCarthy
Robert Fitzpatrick	Peggy Lamb	James Reardon
Mike Favreau, Rec.& Parks Director	Lionel Ingram, Selectman	

EXETER DEVELOPMENT COMMISSION

Voter approval of the new Exeter High School in early 2003 has opened several potential development opportunities in town. As the Linden Street Re-Use Committee strives to make recommendations for potential uses of the current High School site, the Exeter Development Commission (EDC) is actively participating in the process. Potential development scenarios will continue to receive scrutiny as suitable options are considered. The future Exeter High School site, at the far end of Epping Road is sure to become a catalyst for continued development within the C-3 and CT-1 zones along Epping Road. Recent business openings such as *Exeter Decorating* and *Tire Warehouse* and the identification of a potential site for a future Fire Department sub-station represent a renewed interest in this Industrial/Commercial corridor.

In association with the Town Planner and Exeter Area Chamber of Commerce, EDC members serve on various committees that are addressing how to best shape our Downtown. The Parking Task Force and Downtown Restoration Project are two ongoing studies that have and will continue to be assisted by the EDC. Solutions to Exeter's perceived parking shortage will likely involve providing expanded off-street parking and the EDC has assisted in seeking potential site opportunities. The Downtown Restoration Project, while not coming before voters in 2004, promises to offer exciting possibilities for enhancing traffic flow and pedestrian appreciation of downtown Exeter. Both of these studies are "works in progress" and the EDC will continue to offer support for comprehensive and thoughtful planning of the Downtown.

The opportunity to take a more proactive role in promoting the Town for development is a goal for the coming year. Current discussions with the Town's Internet Mapping consultant have the potential to offer some very tangible tools that will showcase what Exeter has to offer to a broader audience. Strengthening our existing community with more robust retail/business use on Water Street and supporting redeveloped parcels such as the forthcoming Stop and Shop on Portsmouth Avenue are keys to a continued vitality. The EDC will continue to support projects that offer to increase our non-residential tax base while embracing the Town Master Plan.

The Exeter Development Commission is looking forward to 2004 with great optimism. We've seen a number of high quality developments come to fruition in the last several years and are confident that this trend will continue.

SAU 16 REPORT OF ADMINISTRATION 2004

SAU 16 MISSION STATEMENT

The SAU 16 School Districts are committed to working together to develop common standards and values that will result in graduates who are caring, productive and contributing members of society.

In July 2003, SAU 16 welcomed three new administrators to the District. Jerry Frew returned to the SAU as Assistant Superintendent for Curriculum and Research, Jim Eaves assumed the principalship of East Kingston Elementary School and Nathan Lunney was appointed as Assistant Business Administrator for SAU 16. Mr. Frew previously served as the principal of the Cooperative Middle School before taking a one-year administrative position in SAU 19, Goffstown, New Hampshire. Mr. Eaves served as assistant principal in SAU 44, Northwood, New Hampshire prior to assuming the principal's position in East Kingston and Mr. Lunney came to the SAU via a software company whose primary business was providing financial programs to schools in Maine and New Hampshire. The schools opened their doors in September with the following enrollments: Swasey Central School in Brentwood – 347; East Kingston Elementary School – 164; Exeter Elementary (Main Street School and Lincoln Street School) – 1,008; Kensington Elementary School – 197; Newfields Elementary School – 176; Stratham Memorial School – 624; Cooperative Middle School – 1,383; Exeter High School – 1,587, and SST – 470.

Kensington Elementary School, under the attentive supervision of the Associate Superintendent of Schools, Paul Flynn, completed a 1.95 million dollar construction of four (4) new classrooms, renovated space for the nurse, a library and a multi-purpose gymnasium. This addition allows Kensington Elementary School to offer a broader range of programs for its students, as well as, providing a new resource for community based activities.

In March of 2003, over 70% of the SAU voters approved the construction of a new Exeter High School on a 120-acre site off Old Town Farm Road in Exeter. Walter Pierce, SAU 16 Business Administrator and Project Manager for the new high school, estimates the fall of 2006 as the opening date for the school. The permitting process, which involved dealings with local, state and federal agencies, is complete along with attaining a primary access road off Route 27. Site work commenced this fall and the building construction will begin in the spring of 2004.

A great deal of gratitude from all of us associated with SAU 16 for the approval of this project goes to the Exeter High School Building Committee whose names are listed below:

EHS Building Committee Members

Warren Henderson – Chair, resident of Exeter
Dick Poelaert – resident of East Kingston
Steve Bartell – resident of Exeter
Gordon Snyder – resident of Stratham
Ralph Adler - resident of Brentwood
Donna Bates – past ERCSD Board Member
Lucy Cushman – ERCSD Board Member
Kim Casey – ERCSD Board Member
Arthur Hanson – SAU 16 Superintendent of Schools
Walter Pierce – SAU 16 Business Administrator
Gary Heald – Principal EHS
Peter Stackhouse – Curriculum Coordinator – EHS
Linda Mahoney – (EHS Math Teacher) Faculty Representative
Jeff Hillier – SAU/ERCSD Information Director
Dick Wendell – ERCSD Director of Operations
Ed Oddo – ERCSD Assistant Director of Operations
Sally Boyd – Administrative Assistant to Arthur Hanson
Phyllis Kennedy – Administrative Assistant to Walter Pierce
Harriman Architects Representative(s)
Harvey Construction Representative(s)
Appledore Engineering Representative(s)

SAU Technology

The New Hampshire Department of Education announced the funding of the first Local Educational Support Centers in the spring of 2003. Under the auspices and hard work of Dr. Stephen Kossakoski, Assistant Superintendent of Schools for Technology and Research, SAU 16 was awarded \$500,000 for the establishment of a center, which services Southeastern New Hampshire. The center is called the Seacoast Professional Development Center (SPDC) and the funding for this center, as well as the other three in the State, was through educational technology dollars in the No Child Left Behind legislation. Four centers were initially approved and the goal is to connect all educators and schools within a thirty-mile radius of a center. The mission of these centers is to provide high quality training opportunities that will empower teachers and show a positive correlation to student achievement. Programs will provide high quality professional development to enhance teacher abilities by increasing content knowledge, teaching skills, and use of classroom technology. The mission of the SPDC is to provide student academic achievement through high quality professional development, which enhances curriculum, instruction and assessment. Towards this end, the SPDC is focusing on three areas: (1) technology integration, (2) data-driven decision making and (3) e-learning.

The SPDC is available for outside groups to use and the center offers approximately 1300 square feet of meeting space. It can accommodate 24 participants in a computer lab setting. The room is equipped for multimedia presentations and includes LCD projector (wireless capable) with a nine-foot screen for presentations, electronic whiteboard, TV/VCR, DVD/CD, 24 Dell PC workstations and the center has teleconferencing capabilities. Director of the SPDC is Bob Haurand who can be contacted at (603) 775-8693.

Curriculum and Assessment

Central administration, school administrators, and the seven school boards of SAU 16 continue to use an unprecedented collaborative approach to coordinate curriculum, technology initiatives, staff evaluation, professional development, and in other district-wide efforts, to ensure quality and consistency of educational opportunities. This is of particular importance since the six individual elementary school districts send their children to the Cooperative Middle School (CMS). Incoming students to CMS have the greatest opportunity for enhanced learning when their sending schools share a coordinated curriculum and assessment process. Under the leadership of Jerry Frew, Assistant Superintendent for Curriculum and Assessment, SAU 16 continues to move toward aligning the curriculum with current initiatives in mathematics, literacy, social studies and science.

At the conclusion of the 2004-2005 school year, all K-5 students will have experienced the "Everyday Mathematics" Curriculum. This initiative provides all students with a common "math language" as they enter the middle school. In the area of Literacy, the K-5 Curriculum was accepted by the SAU 16 Joint School Boards in May 2003 and staff training for its implementation is ongoing. A common writing prompt will be administered at all grade levels this spring to help us in determining the growth of our students as writers and to view our strengths and weaknesses in the area of writing instruction.

The Science Committee is in the process of identifying "related vocabulary" and developing common assessments for each grade level. These initiatives are designed to give our students similar experiences as they enter the middle school. The Social Studies Curriculum is undergoing a revision as the committee works with the scope and sequence of instruction from grades K-12. A final draft of the curriculum will be presented to the SAU Joint Boards at the May 2004 meeting.

All of the SAU 16 Principals are involved in discussions around the identification of comparable assessments to be utilized in our schools to measure student progress and improve instructional practices. The leadership of SAU 16 is committed to providing all students with proper assessments so they can demonstrate their learning progress.

Sincere appreciation is offered to all of the school board members of SAU 16 for their continued support and dedication to the students of the seven school districts. The Boards' countless hours, dedication and effort on behalf of collaborative educational and co-curricular excellence, is often unrecognized. Their commitment to SAU 16 students and to their communities allows SAU 16 to be recognized as one of the most outstanding school districts in the state of New Hampshire.
